

In concert with my friends from Piper, TBM, Cessna, Cirrus, Beechcraft, Diamond, Mooney and supporting services by Advocate Consulting Legal Group (Aircraft Tax Consulting) and Airfleet Capital (Aircraft Financing), you have the opportunity to see much of what's new in the GA airplane business. Below are the "Southeastern Aircraft Expo" dates. Each of these events will have representative aircraft from the major manufacturers on display along with representatives that know how it works. We have free refreshments available during the hours of the Expo.

We have two shows left where you can see the new G600 Husky- Friday 9/25 in Houston and Saturday 9/26 at Georgetown.

Come see us!
